SNARE DRUMS

WWW.TAYEDRUMS.COM

WOOD HOOP SNARE DRUMS

One of our most distinguished product lines, TAYE Wood Hoop Snares represent the definitive product of years of percussion craftsmanship and expertise. Whether you prefer the balanced tone and warm sustain of maple or the attack, punch, and short decay of birch, they are conveniently offered in both StudioMaple or StudioBirch series shells. North American Sugar Maple hoops enhance these drums, accentuating the tonal quality by providing warm and rich overtones.

METALWORKS SERIES

The TAYE MetalWorks Snare Drum Series is dedicated to the production of high quality metal shell snare drums at competitive prices - offering unsurpassed value and the best choice of metal snare drums currently on the market. By utilizing popular materials, unique finishes and hardware applications, we create great sounding and visually stimulating instruments. You are sure to find exceptional tonality, as well as the attack and articulation that you seek in a metal drum.

AVAILABLE SIZES (DEPTH X DIAMETER):

14"x7"

14"x6"

14"x5"

14"x4"

MAPLE WOOD HOOPS:

14 plies of North American Sugar Maple are layered to provide an extremely rigid and durable wood hoop. Sonically, they provide warm and rich overtones, and a full and natural sidestick. Available in your choice of Black or Natural high gloss lacquer finishes.

SHELL TYPES:

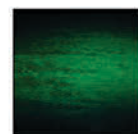

Shells are available in Maple or Birch. Maple features balanced tone and warm sustain. Birch features accentuated highs, midrange punch, and shorter decay. Maple shells are 10ply, 7.5mm. Birch shells are 7ply, 7mm. All Shells are engineered using EFS™ Shell Technology.

Like the larger version, it features the same unique brushed finish. Its tone is bright and cutting, and with a wide and dynamic tuning range, this drum sits well in a multitude of applications.

- ▶ 14"x5" brass shell
- ▶ Brushed Black Nickel finish on shell and 2.3mm triple-flange hoops
- ▶ Standard lugs

14"x6.5" STAINLESS STEEL

Model #: TST061465

A heavy gauge beaded stainless steel shell gives this drum warm and full-bodied tone, as well as a wide and dynamic tuning range.

- ▶ 14"x6.5" heavy gauge beaded stainless steel shell
- ▶ Vintage-style long tube lugs

14"x6" ALUMINUM ALLOY

Model #: TS1406WN-6AL

The unbridled and aggressive tone of a thick 6mm aluminum alloy shell, coupled with the warm and rich overtones of maple hoops, makes for a truly unique drum which is unmatched by anything else in the industry.

- ▶ 6mm cold-hammered aluminum alloy shell
- ▶ 14 ply North American Sugar Maple hoops*
- ▶ Articulated Claw Hook™

*Also available with triple-flange hoops

TAYE SPECIALTY SNARE DRUMS

In our pursuit to bring more unique drum offerings to the world, Taye Specialty is a product line that serves as a launching point for many new and/or limited edition models. Some releases may be limited to short production runs of 100 or less, while others could be transformed into long-term production models. Regardless, you are sure to have an instrument that represents years of percussion craftsmanship and expertise.

14"x7" WALNUT & MAPLE HYBRID

14"x6.5", 14"x5", 14"x3.5", 13"x5", 12"x6",
12"x4", 10"x4"

SIDELATCH® RELEASE

Simply designed for optimum performance, this side-action release system employs a minimum of moving parts. With a large knurled tension knob for easy snare adjustment, and our unique SlipLock™ feature that prevents unwanted loosening of snare tension, SideLatch® is strong, smooth, and flawlessly reliable.

DIE-CAST HOOPS

Die-cast hoops are available as an upgrade option for 14" snare drums only.
